**“Cerebral Visual Impairment”**

Cerebral Visual Impairment (CVI) is a hidden disability due to damage to the cerebral visual processing structures. Damage to these tracts and associated structures can impair mobility, activities of daily living, communication, and learning. CVI is emerging as the most important cause of paediatric visual impairment and sensitization of all health professionals handling children with low vision and developmental delay should be taken up as priority issue. Early diagnosis and habilitation may/can require a multidisciplinary team for which skill enhancement is required. The School of Family Health Studies & Academic Staff College, KUHS is conducting a skill enhancement training workshop for the Paediatricians, Ophthalmologists and Optometrists as a team from the affiliated colleges of Kerala University of Health Sciences.

**For whom:** For Paediatricians, Ophthalmologists and Optometrists as a team from the affiliated colleges of Kerala University of Health Sciences. The teams will be restricted to 20 teams with 3 persons each on first-come-first-serve basis.

**Date and Time:** 06/01/2024, 9 AM to 5 PM

**Venue:** Vigyan Bhavan, KUHS Headquarters, Thrissur

**Mode of Class:** Offline mode

Phone : 0487-2207664, 2207642 Fax : 0487 – 2207616, 2207620
